*Meet your driver outside of the arrivals area at Xi'an Xianyang International Airport when you fly in for your visit to Xian. Your driver assists with luggage as you head to your private vehicle for the ride to your hotel. No need to worry about long lines for taxis or negotiations about the fare, simply pre-book this convenient and courteous transfer service from the airport to your hotel. When booking, you must provide your flight information and your Xian hotel location. The transfer service will be confirmed within one day and you'll receive a travel voucher, which you give to your driver when you arrive. Then, 24 - 48 hours before your arrival, you will be required to call the local contact number (which is on the voucher) to again confirm the precise pickup time and location.*
